

Arrow making for beginners

This short course is for anyone who wants to make their own set of wood arrows for the first time.

The course will show you how to select your arrow materials, attach nocks and points, use a fletching jig and how to cut the arrows to length.

You will leave at the end of the course with at least two completed arrows plus all the parts and tools required to finish the rest of the set.

The course leaders will also explain facts about arrows - spine ratings, points, fletches and the archer's paradox.
